

Quality assurance

- TÜV ISO 9001
- TÜV re-stamping authorisation
- Certified VT-w2 welding inspectors
- Certified orbital and manual welders

Markets

Food industry | Beverage industry | Pharmaceutical industry | Cleanrooms | Cosmetics | Fine Chemical | Semicon | Data centers

Services

Our comprehensive range of services and in-house capabilities support your process. From specification to delivery: reliability, traceability and consistent quality are central to every step.

- Technical advice and engineering
- Special, custom-made designs
- Mechanical and electrolytic polishing
- Certified tests and inspections
- Support with documentation and certification

The specialist in critical processes

Every day, our companies work together to develop solutions for hygienic and industrial process installations. With a wide range of process components, technical expertise and sector-specific knowledge, we support our customers with the construction, maintenance, optimisation and replacement of installations.

Whether you're looking for components, process equipment, custom solutions or technical support, you'll find the right expertise all under one roof at Heleon Group.

Contact details

Heleon Food BV

Het Eek 11,
4004 LM Tiel, Netherlands
info.food@heleon-group.com

heleon group

Partner for process components and technical solutions

Heleon Group brings together specialist companies operating in the food, pharmaceutical and process industries.

Food

Hygienic process components and equipment for the food and beverage industry.

The Netherlands

Heleon Food

- Food tubes and fittings
- Industrial tubes, fittings and flanges
- Pre-insulated tubes
- Insulation material for tubes and fittings
- Bars and box sections
- Hygienic couplings and flanges
- BSP threaded fittings
- Seals
- Valves (butterfly valves, ball valves and check valves)
- Sampling valves
- Sight glasses
- Filters
- Instrumentation
- Spray heads and cleaning systems
- Product Recovery (pigging systems)
- Heat exchangers
- Tank equipment
- Manhole covers
- Load cells

Belgium

Gillain & Co

- Food tubes and fittings
- Pharmaceutical tubes and fittings
- Industrial tubes, fittings and flanges
- Pre-insulated tubes
- Insulation material for tubes and fittings
- Bars and box sections
- Hygienic couplings and flanges
- Flexible hoses
- Seals
- Pumps
- Valves (butterfly valves, ball valves and check valves)
- Sight glasses
- Filters
- Instrumentation
- Spray heads and cleaning systems
- Product Recovery (pigging systems)
- Plate heat exchangers
- Tank equipment
- Load cells

Pharma

High-purity solutions for pharmaceutical and biotechnology processes.

The Netherlands

Heleon Pharma

- Pharmaceutical tubes and fittings (ASME BPE)
- Insulation material for tubes and fittings
- Hygienic couplings
- Seals (USP Class VI)
- PTFE and silicone hoses
- Hose valves
- Diaphragm valves
- Sanitary ball valves
- Non-return valves
- Sampling valves
- Single-Use systems
- Sight glasses
- Instrumentation
- Magnetically coupled mixers
- Rupture discs and safety valves
- Heat exchangers
- Tank cleaning and dip tubes
- Load cells

Belgium

PMA-Heleon

- Pharmaceutical tubes and fittings (ASME BPE)
- Insulation material for tubes and fittings
- Hygienic couplings
- Seals (USP Class VI)
- PTFE and silicone hoses
- Hose valves
- Diaphragm valves
- Sanitary ball valves
- Non-return valves
- Sampling valves
- Single-Use systems
- Sight glasses
- Instrumentation
- Magnetically coupled mixers
- Rupture discs and safety valves
- Heat exchangers
- Tank cleaning and dip tubes
- Load cells

Food, pharma and beverages

High-quality pump solutions, hoses and hose assemblies for hygienic and industrial applications.

The Netherlands & Belgium

Spin Pompen

- Twin screw pumps
- Circumferential piston pumps
- Rotary lobe pumps
- Progressive cavity pumps
- Gear pumps
- Peristaltic pumps
- Rotary vane pumps
- Diaphragm pumps
- Plunger pumps
- Drum emptiers (BINEM) — developed in-house

The Netherlands & Belgium

Heproflex

- Flexible hoses
- Hose couplings
- Appendages
- Seals
- Custom hose assemblies (specials)

Customised solutions from our own workshop

- Custom solutions and bespoke products
- Certified TIG and orbital welding services
- Electrolytic polishing
- Laser engraving

heleon group

Qualified maintenance, anywhere

- Pump maintenance carried out by certified specialists
- On-site or in-house maintenance
- Always original spare parts
- Press-fitting of couplings in our workshop
- On-site hose testing
